---- XMP-iptcCore ----
Ext Descr Accessibility : This image documents the baseline state of a calibrated digital scale prior to object measurement..Recorded as a preparatory reference on 22 December 2025, the photograph shows the scale in a top-down view displaying a zero reading (0.0000). This establishes a documented measurement context and supports traceability and reproducibility of subsequent weight recordings within the Light and Relic provenance framework..No object is present on the scale in this image; the recording serves exclusively as a calibration reference preceding the measurement of the artefact.
Alt Text Accessibility : Macro photograph of a Cold Foil trading card surface with reflective metallic patterns
